Research and Analysis in Urban and Regional Planning

  Hisatoshi AI

002 A Comparative of Japanese Demographic Trend between 2010 and 2030 by Cohort Component Method and GIS
  Jin LI, Fei ZHOU

003 Game models for solving the public service delivery problem in America
  Yu-Chih Lin

004 Relationship between Living Environments and Location Choice of Firms
  Ryo FUKUDA, Tetsuo KIDOKORO, Fumihiko SETA

Strategy for Spatial Planning

005 Pattern Discovery in U.S. Semiconductor Co-patenting Data
  Der-Shiuan Lee Szu-Ying Chen

006 The Designation of Korean DIF Zones by Implementing the AMOeba Technique
  Seong-Hun Kim, In-Han Kang, Nae-Young Choei

007 The Sustainable Management of Marine Resource Zones in the Taiwan Territory Spatial Planning
  Lillian Kao, Ta-Ming Ben

008 A Study of the Characteristics and Differentiation of Area-based Management (ABM) in Japan from the Corporate Formation Aspect
  Naphasinee SUEBSUK, Jun MITARAI

009 A Study of the Creation of Social Innovation in Japan: The Cases of Promoting Elderly Employment in Nakatsuagawa City
  Yasunori Kishida
**Planning Theory and Community Planning**

*Shun-ichi J. Watanabe*

011 Study on Inclusive machizukuri aim at the self-reliance of resident and local organization - Focus on 2 case studies in Taipei city  
*Hongwei Hsiao, Tetsuo Kidokoro, Fumihiko Seta*

012 Redevelopment of “Khu Tap The” in Hanoi City: How to make a livable and inclusive living environment  
*Tran Mai Anh*

013 A Study on Stakeholders of Self-Governance of Common-Pool Resources (CPRs)  
*Yu-Chiao Chen, Tai-Ming Ben*

---

**Urban Redevelopment**

*Hana Haji Hamzah, Masuro Urayama*

015 Applicability of Land Readjustment Replotting System to the Rehabilitation of the Informal Settlements in Jalalabad City, Afghanistan  
*ASAD Ahmad Tamim, Chikashi DEGUCHI*

016 The Effect of Frontage Space usage on Pedestrian Environment in Commercial Street  
*Yoojin Park, Mack Joong Choi*

017 A Research of the New-Old Symbiosis Feasible Methodology in Urban Regeneration-A Case Study of Southern Miaoli County  
*Fu-Hsiung HSU, Ying-Hui CHEN, Chin-Tzu CHEN*

018 The Impacts of Retail Changes on Gentrification: A Case Study of the Gentrifying Neighborhoods in Seoul  
*Sun Mi Jin, Chung Won Suh*

019 Planning Cemetery Parks and Cremation Establishments in the Major Cities of Vietnam  
*Han Minh Cuong, Bach Ngoc Tung, Saito Takahiro, Le Duc Tri*
Urban Environmental Planning for Climate Change

020 Urban Planning and Management Solutions Responding to Climate Change: A contribution to livable cities
Do Hau

021 Comparative Analysis of Urban Climate Change Responses: Analyzing Korea’s and global organization’s strategies and guidelines
Jaeman Kim, Youngchul Kim

022 A Multi-perspective Ontology for Climate Change Adaptation Planning (CCAQ)
Yi-Pei Liao, Feng-Tyan Lin

023 Analyzing thermal characteristics of urban streets using a thermal imaging camera: A case study on commercial streets in Seoul
Sugie Lee, Hyunbin Moon, Yeri Choi, Dongkeun Yoon

024 The Survey of Rising Electricity Price and the Change of Electricity Consumption Behavior for Low-income Households in Taichung City
Mei-Jung Lai, Szu-Hua Su, Wei-Ling Tsao

Built Environment in Human Scale

025 Influence of Vegetation Placement in Sight on Human Perception of Street Environments
Yuta NIHEI, Ikuho YAMADA, Tatsuya SEKIGUCHI

026 Exploring Variations of Urban Physical Environment Determinants on Crime Incidence by its Type Considering both Spatial Dependency and Heterogeneity
Myeong-shin Kwak, Jeong-ju Kwon, Hyungun Sung

027 Modeling the Relationship between Subjective Evaluation and Objective Conditions on Shopping Environments
Tatsuya SEKIGUCHI, Naoki HAYASHI, Hiroaki SUGINO, Yuuki TERADA

028 Pedestrian Traffic Accidents and Neighborhood Built Environments: Focused on Children’s Traffic Safety
Hojun Lee, Sugie Lee, Kyungeun Sa
## Landscape Planning and Management

029 Spatial Structure Analysis and Landscape Planning in the Non-Urban Land of the Taichung Metropolitan Area, Taiwan: A Preliminary Exploration

Li-Wei Liu, Yi-Shiang Shiu, Pei-Yin Ko

030 Evaluation of Landscape Management Labor Accounts in a Regional Scale: A Case Study of Chubu Metropolitan Area, Japan

Chika TAKATORI, Keidai MINAMOTO, Nobuko KAWAGUCHI, Hiroyuki SHIMIZU, Masaru MIYAWAKI

031 Relationship between Landscape Design Theme and Labor Forces of Japanese Garden: A Case Study of Shirotori Garden in Nagoya

Naoyuki Yamashita, Chika Takatori, Masaru Miyawaki, Hiroyuki Shimizu, Nobuko Kawaguchi

032 Conservation and Sustainable Development of Landscape Belt Region for the "green city" Facing the Challenge of Urbanization: A Case Study of New Industrial Binh Duong City

Do Xuan Son

033 Creating Voluntary Rules of, by, and for the Residents at the Earliest Stage of Preservation—Case of Tsumago-juku in Japan—

Chiyo ISHIYAMA, Aya KUBOTA, Yukio NISHIMURA

034 Urban Design Center for Public–Private–Academic Collaboration: The Case of Urban Design Center Matsuyama

Haruka ONO, Yuka KATAOKA, Tsuyoshi HATORI, Eiji HATO

## Scenic Planning and Management

035 A Study on the View Protection Areas and the Visual Impact Assessments in Japan: From the History to the Recent Challenges

Masaru Miyawaki

036 Visualization of Dwellers’ Vista, Future Vision, and Its Vector - Utilization of Textmining for Community Development -

Hiroaki SUGINO, Tatsuya SEKIGUCHI, Yuuki TERADA, Naoki HAYASHI

037 Utility Line Undergrounding Projects in Japan: Changes, Benefits and Detriments - Analysis of Utility Line Undergrounding Projects for Scenery Improvement and Tourism Promotion -

Keisuke IWATA, Yasuaki MATSUDA
038 Pop-up landscape architecture in Ho Chi Minh City-Cases of creating livable city for all
   *Vu Viet Anh, Pham Thi Ai Thuy, Pham Tu*

039 Locational Distribution of Allotment Garden in the Osaka Prefecture
   *YE Meng, Tomohiko YOSHIDA*

### Public and Open Space Planning

040 Public Space as a Key Drive towards Liveable Cities for All
   *Kien TO, AtsuyukiNAKASEKO*

041 Understanding how People Use and Perceive Public Open Space: Using Case Studies in Cebu City, Philippines
   *Joachim Michael ESPINA, Suguru MORI, Rie NOMURA*

042 A Role of Public Spaces/ Places for Creating Livable Cities in Japan
   *Teruhiko Yoshimura, Dickella Gamaralalage Jagath Premakumara*

043 An Empirical Analysis on Spatial Effect of Accessibility Changes: Estimating the Location of Commercial Facilities and Change in Floating Population in Micro-scale Space
   *Dong Jun Kim, Seongman Jang, Young Soo An*

044 Designing an Open Space for Social Inclusion: An Intercultural Garden Project at the University of Tsukuba
   *Naomi Shimpo, Mamoru Amemiya*

### Disaster-Resilience Planning (1)

045 Stakeholder Analysis to Evaluate the Role of Local Actors in Decentralized Disaster Management in Indonesia
   *Danang Insita Putra, Mihoko Matsuyuki*

046 The Seasonal Effects of Built Environment on Urban Air Temperature
   *Jaehyun Ha, Sugie Lee, Yeri Choi*

047 Questionnaire Study on the Relationship Between Disaster Awareness and the Recognition of Evacuation Points
   *Yukari NIWA, Andrew BURGESS, Kaori ITO*
Method to Estimate of the Earthquake Resistance Rate of the Wooden House Using the Statistics in Japan
   Hiroki Ogawa

Flood Resiliency and Communication Network: a Case of retailers in Estuarine Area of Taipei, Taiwan
   Tzen-Ying Ling, Ju-Sen Lin

Disaster-Resilience Planning (2)

Resilience of Collaborative Planning after the Great East Japan Earthquake-A Case Study of Reconstruction Activity in Kesennuma-
   Haeyoun HEO, Osamu SODA

Study on Impact of Relocating Settlement as a Post-Disaster Mitigation(Case Study: Permanent Relocated Settlement in Sleman District, Yogyakarta, Indonesia)
   Abraham Bhaskara SINGGIH, Junichiro ASANO

Investigation on building permanent housing as a reconstruction policy after disasters
   Pei-ching Tu

Factors Affecting the Sustainability of Community-Based Disaster Preparedness Organizations (Case Study of BOKOMI Badran in Yogyakarta City, Indonesia)
   Mareta Hexa Sevana, Tokunaga Tatsumi

A Study on Future Population in Disaster Reconstruction Plan in Population Decline Era
   Yohei MARUYAMA, Tsubasa YOSHITSUGU, Moriyuki OE

Sustainable Planning in Urban and Regional Scale

Satellite City Solution in Urbanization to Use for Ho Chi Minh City, Vietnam –Toward Sustainability Development
   Hiep Doan Ngoc

The Design and Effect of Purposeful Interaction-oriented Third Places in Local Communities-The Case of Support for Women’s Career Development-
   Akiko Kataoka
057 A Study on the Community Centers Role in Russian Planning Model: Case Study in Khairkhana Residential District, Kabul City-Afghanistan
Mohammad Ramin AMIRYAR, Junichiro ASANO

058 A Study on the Urban Development Plans of Castle Cities
Jae-Hee Lee, Jung-Geun Ahn, Min-Cheul Bae

059 A Case Study on Footpaths Running Through Public Space in Hokkaido
Hiroshi Ota, Yasuaki Matsuda, Keisuke Iwata

■ Social Housing and Building Environment

060 Social Housing Policy in Vietnam
Trung Hai, Sam Minh Tuan

061 Social Housing and Public-Private Partnership: A Case Study of Port Elizabeth in South Africa
Yongama MADYIBI, Norihisa SHIMA

062 A Study on the Measures to Enhance the Social Housing Provision in Korea: Focused on Using the Vacant and Underutilized Spaces in the Traditional Market
Min-Ho Song, Seong-Hun Kim, Nae-Young Choei

063 Protecting the Living Function of Old Residential Buildings under Commercial Development - A Case Study of Jianyeli in Shanghai
Fei Zhou, Jin Li

064 Walkable Environments for Subsidized Households: Comparing Neighborhood Environments of Housing Choice Voucher and Low-Income Housing Tax Credit Households
Ayoung Woo

065 A Case Study on “Murti-generational house” in Germany: Sustainable Quality Management Methods of Open Community Space
Haruka Urata

■ Housing Policy and Equity

066 Analysis of Contributing Factors to Social Security Payment of Elderly Households
Deokho Cho, Youngsook Chung, Changwhan Yeo
067 Current Omani Houses & Behavior Patterns in Muscat City: Spatial Configuration Factors Affecting Family Behavior
   Huda Al KHAYARI, Rie NOMURA, Suguru MORI

068 Urban Poverty and the Livelihoods Approach
   Do Tran Tin, Pham Thi Ngoc Lien

069 Regional Differences in the Socio-economic and Built-environment Factors of Vacant House Ratio as a Key Indicator for Spatial Situation of Shrinking Cities
   Hiroki Baba, Yasushi Asami

070 A Study on Job-Housing Proximity with Change in Employment Rate
   Jeong-Cheol Shin, Lee-Bom Jeon, Yun-Seong Jo, Chang-Hyo Yi

■ Tourist and Heritage Planning

071 A Comparative Study on the Making of Tourist Attraction Foothill Villages: The Cases of Gamcheon Culture Village in Busan, Korea vs. Kitano Ijinkan in Kobe, Japan
   In-Han Kang, Seong-Hun Kim, Nae-Young Choei

072 A Study on Community Based Tourism Management for Sustainable Community of Ethnic Minority: A case study of Hong Ha commune, Thua Thien Hue province, Vietnam
   Miki Yoshizumi, Nguyen Ngoc Tung, Hirohide Kobayashi

073 A Categorization Research of Heritage Constellations of Industrial Modernization
   Bingyu SUN, Hiroshi ICHIKAWA, Konomi IKEBE, Takeshi KINOSHITA

074 Community Factor in the Spatial Organization for City Park
   Nguyen Thi Dieu Huong

075 A Study on Settlement Characteristics towards Traditional Area Improvement along the Kuin Utara Riverside
   Meidwinna Vania Michiani, Junichiro Asano

076 A Study on the Methodology of Integrating Archaeological Heritages into Planning-Through a Case Study in the Greater Lumbini, Nepal -
   Tomoko Mori, Yukio Nishimura
■ Public Transportation

077 A Study on the Factors Affecting the Usage of Buses in Developing Countries: A Case Study of Maputo, Mozambique
   Atanasio TEMBE, Fumihiko NAKAMURA, Shinji TANAKA, Ryo ARIYOSHI, Shino MIURA

078 A Study on Bus Transportation Service in Ulaanbaatar City
   Dorjkhand Bavuudorj, Miki Muraki

079 Public Motorcycles as Flexible, Demand Responsive Transport Services in Bangkok
   Kittima Leeruttanawisut, Mizuo Kishita

080 Existence of Primary Demand for LRT Installation in Japan
   Saori Yamakita, Akinori Morimoto

081 Water Transit-Oriented Development (WTOD) for Livable and Sustainable City-Case of Ho Chi Minh city
   Minh Trang Khong

■ Transportation Analysis in Urban Planning

082 A Study on Allocation of Microscopic Traffic Volume by Space Syntax: Focusing on residential and Commercial Space
   Jinsung Yun, Kijung Kim, Seungil Lee

083 How Can We Improve School Zones in Korea? Analyzing Guidelines and Implementations of School Zones in Korea
   Nayoon Kang, Youngchul Kim

084 Study on the Effective Execution Plan of Traffic Enforcement focused on a District Level to Reduce the Traffic Accidents
   Emi Ishimura, Akinori Morimoto

085 Association between the Neighborhood Environments and Walking Habit for Transportation and Leisure-A Case Study in Fukuroi City, Shizuoka Prefecture -
   Keiichiro SANADA, Ikuho YAMADA, Tatsuya SEKIGUCHI

086 An empirical study on senior drivers focusing on ‘low-mileage bias’ using macro level approach
   Dongkwan Lee, D.K. Yoon, So Yeon Yoon
Mobility and Travel Behavior

087 Acceptable travel time expenditure on Leisure travel: Weekdays and weekend leisure travel
   Yoonjeung Jang

088 Relationship between Urban Form and Paratransit User’s Travel Behavior in Thailand
   Pattamaporn WONGWIRIYA, Fumihiko NAKAMURA, Shinji TANAKA, Ryo ARIYOSHI, Shino MIURA

089 Examining Positive Utility of Travel for Various Types of People Including Mobility Handicapped Persons
   Nobuaki OHMORI, Teppei OSADA, Seiji TAKEHIRA

090 A Comparative Study on the Community-led Collective Transportation Policy among Suburban Municipalities in Tokyo Region
   Yuuki TERADA, Hideki KOIZUMI, Sae KONDO, Chikako GOTO

091 The Change of Commuting Patterns by Income Level According to the Employment Dispersion
   Hyeoncheol Kim, Yunsung Cho, Jooyeon Go

092 Research on Extent of the Effect on Poverty Reduction by Improvement of Mobility—Case Study of Metrocable in Medellin, Colombia
   Sarika Okami, Mihoko Matsuyuki, Fumihiko Nakamura

Creative Urban Planning

093 Promotion and Development of Smart Rural Villages: A Case Study of Neicheng Community, Yilan County, Taiwan
   Yung-Jaan Lee, Shih-Chien Lin

094 Spatial Organization of Fishermen's Villages: Sustainable Development based on Ecosystems in the Estuaries of the South Central Coast, Vietnam
   Nguyen Xuan Hinh, Tran Van Hien

095 The Possibility of Renovation of Urban Villages in Shenzhen, China
   Lingjian TAN, Norihisa SHIMA

096 Collective Place Identity
   Kee Moon JANG, Youngchul KIM
097 Measures and Spatial Allocation Model for Incorporating Interaction by Land Use Mix
   Sunyong Eom, Tsutomu Suzuki

098 Analyzing the Characteristics of Port Interface space through FBCs and Presenting Direction of Creative Urban Planning - Focusing on the Analysis of Morphological Characteristics –
   Sun-Ah Hwang, Jong-Gu Kim, Eun-Ho Shin

■ Information and Network in Urban and Regional Planning

099 Research on Eco-efficiency of Industrial Parks in Taiwan
   Jen-Te Pai, Wan-Wen Liao, Di Hu

100 The Rich-Club Effect on the Joint Patent Network in Japan
   Hwajin Lim

101 Indian Cities in Transition: Case of Indian State Capital Cities
   Shreyas P. Bharule, Tetsuo Kidokoro

■ Innovative Trends in Regional Planning

102 Regional Governance and Horizontal Coordination in Depopulating Areas
   Fumihiko Seta

103 From linear city to Rosario metropolis: Origin of the 1980’s transit oriented metropolis plan in Seoul, Korea
   Chang Gyu Choi, Hyungun Sung

104 The Status of Cross-border Economic Cooperation among Metropolitan Regions - A Case Study of Fukuoka, Japan, and Busan, South of Korea
   Cheong Kim, Fumihiko Seta, Tetsuo Kidokoro

105 Impacts of the Simplification of Licensing Procedures for Industrial Complexes on Supply of Industrial Complexes and Regional Policies
   Seung-Seok Bak, Heon-Uk Choi, Chang-Mu Jung

106 Economic Impacts of Development of Asian Highway on Regional Growth and Disparity
   Euijune Kim, Seung-Woon Moon, Yoojin Yi
Urban and Regional Sustainability

107 Impact of Building Energy Consumption on Transportation Energy Reduction Factor depending on Urban Compaction
   Sujin Lee, Kijung Kim, Seungil Lee

108 Energy Performance Analysis of Urban Blocks
   Minseok Oh, Youngchul Kim

109 The Construction of Small Buildings in Historical City Centers during the Period of High Economic Growth and Their Architectural Features—With a Focus on the Government Housing Loan Corporation of Japan’s Medium and High Rise Fireproof Buildings in Chuo Ward, Osaka—
   Shinichi TAKAOKA, Koichi KANA

110 Detecting Urban Light Pollution for the Seoul Metro Area and Urban Spatial Causes
   JungA Kim, SangHyun Cheon

111 A Study on the Consciousness of the Residents Toward the Regeneration of Slope Urban Area—A Case Study of Nagasaki City Slope Area—
   Donggyun KIM, Takeru SAKAI, Takafumi ARIMA, Prasanna Divigalpitiya

112 Dwellers Satisfaction on Slum Rehabilitation Scheme; SRS and its Affecting Factors in Mumbai, India
   Alam Sayeda Saika Binte Alam, Mihoko Matsuyuki

Poster Session

113 Study on Development of Bridges Design Based on Urban Planning with Its Roles of Engineers and Architects in Establishing Landscape Figure during Early Modern Era
   Kohei Akui, Koichi Kana, Yasutomi Sakuma

114 Supporting Local Communities through Current River-Based Management and Educational Projects and Exploring the Potential for Watershed-Scale Partnerships
   Kei SAKAMURA, Teppei OYA, Norihiro NAKAI, Mamiko NUMATA

115 A Study on the Landscape Characteristic of Onigi Rice Terraces in Hasami Town
   Takashi Nagafuchi
A Comparative Study on At-grade Intersections and Grade Separated Intersections in Terms of Land Use Interaction
Sherif SHOKRY, Shinji TANAKA, Fumihiko NAKAMURA, Ryo ARiyoshi, Shino MIURA

Development of a Community Design House by Collaboration between the University and Residents: A Case Study on Tsukishima Nagaya School
Lapcharoen Chenporn, Yiyang Jia, Kana Moriya, Hideaki Shimura

A Study of Historical Evolution of Green Space Planning in the Kanda-River Basin- Focusing the Upper River Basin Area where Rapid Urbanization Took Place
Hideya YAMASHITA, Yuta NEGISHI, Mikiko ISHIKAWA

Effective Use of Public Domain Land in Yangon: Addressing sound urban development under rapid population growth
Shigehiko Furui

Townscape Design via Community Participation, Utilizing Local Crafts and Mizuba (“Water Places”) – A Case Study of Project Mizu-mizu-shii Nichijo in Matsumoto –
Aya Ichinose

Analysis of Thermal Environment of Urban Regenerated Area: The Case of Sansae Village of Seoul
Ayoung Kim, Soyeon Yoon, Sugie Lee, D.K. Yoon

An Estimation of Traffic Volumes based on the Spatial Topology of the Road Network Using the Social Network Analysis- Using the Spatial Econometrics -
Seongman Jang, Sujin Lee, Changhyo Yi

Assessing park accessibility in the city of Seoul: Walk or cycle to the park?
Rachida Benabbou, Jiyeon Ha, HeeChung Lee

Urban Form in Planning Implementation Process(Case Study: The Cities of Core Center in Ho Chi Minh City Region)
Hoang Ngoc Lan

Orientations for Development of Can Tho Urban Greenery System: The Study on Can Tho City, Vietnam
Nguyen Thi Bich Ngoc, Do Thuy Linh
